## Studio Class Descriptions

<b>Muscle Pump</b>	Total Body resistance/cardio focused class to tone and build endurance
<b>Yoga</b>	Connect the mind with the body through breathing, stretching and strengthening poses. Spend time holding yoga poses to increase your flexibility and strength then finish with deep relaxation.
<b>Core</b>	An intensive and thorough class focused on the aspects of building the abdominal region. No detail is left out in stimulating growth and building core endurance via fun and challenging new exercises!
<b>Spin</b>	Come along for a ride with our instructors. Improve your cardio and lower body endurance. They are sure to push you to a great workout!
<b>Total Toning</b>	A fun and dynamic hour of cardio, weights, abs, and stretching. This class was designed for people of all ages.
<b>HIIT</b>	HIIT (High Intensity Interval Training) is an interval based class that will elevate your heart rate quickly and keep it there. You will do plyometrics, body weight movements and strength based workout throughout this hour.
<b>Zumba</b>	A fusion of Latin and International music/dance themes that create a dynamic, exciting, and effective fitness system! The routines feature fast and slow rhythms that tone and sculpt the body. It is a mixture of body sculpting movements with easy to follow dance steps.
<b>Total Body</b>	High efficiency workouts through a combination of interval/circuit training. Dumbbells, Kettlebells, Rowers, and Battleropes are all common tools in this challenging but scaleable class.
<b>Vinyasa Flow</b>	This class links the movement of the body with the breath to flow from one pose to the next. This is a coordinated, challenging class that pushes your body's mobility and stability at the same time.
<b>Gentle Yoga</b>	Gentle Yoga is a calming yoga experience that uses props to support the body as it eases into relaxation and balance. All levels welcome.
<b>New Class!</b>	
<b>Barre Blend</b>	Barre Blend is combination of low-impact, body weight resistance and light cardio set to upbeat music. The exercises are designed to lengthen, strengthen, and tone.
